WALLPAPER*/ DESIGN AGENDA

- was asked by *Wallpaper*^{*} to think about 4 images that could show the spirit and mood of important design events. We took the 4 main ones, Paris Maison et Object, Milano Salon del Mobile, London Design Week and Miami Art Basel. Each picture shows some design products related to the city, placed on stereotypical buildings, as well as with elements and tools of the creative process behind design: sketches, pencils, rulers, etc. • •
